

**2025**

**CAPE TOWN  
CYCLE TOUR**

AFRICA FOUNDATION

CAPE TOWN **CYCLE TOUR**

1

## Become a Sponsor

The Cape Town Cycle Tour is the world's largest individually timed cycle race with over **17 000 riders** participating thus making it an amazing branding opportunity. **The Hillsong Africa Foundation** team has been participating in this prestigious race since **2018** and would love to partner with you in sponsoring the team who will be riding for the cause of **'Building lives that will build a nation'**.

3

## Build a Life

**By investing R100 000 you can impact the lives of 500 young South Africans.**

HAF is committed to investing in the lives of the **future leaders** and innovators of this beautiful nation. We believe that by building into the lives of the nation's youth that it will lead to **a brighter and more equitable future**. Investing in one life, impacts one family, who in turn can impact one community that will lead to **building a prosperous nation**.

## HOW CAN YOU GET INVOLVED?

IMPORTANT NOTE: Hillsong Africa Foundation is a Section 18a NPO which means your sponsorship will be a tax-deductible branding investment for your company!

## Sponsor a Rider

2

This year we will be entering **20 riders, our biggest group yet**, for the Cape Town Cycle Tour and each rider will be **raising**

**R6,000 to help reach our goal of R300,000.**

These funds will help the Hillsong Africa Foundation to further invest in the lives of **16 to 30 year olds** through our development programs in high schools, shelters and prisons across the Western Cape and Gauteng.

## Be Part of the Vision

4

As we see our **programs move forward**, we are looking for **businesses & people** interested in helping us continue to expand into new provinces and regions. This can either be on a **financial level, equipment donations** or simply by committing to **give some of your time** to our programs.

# RIDERS

**ANTHEA**

My name is Anthea- a wife, mother, and **passionate advocate for transformation**. This will be my fourth **Cape Town Cycle Tour**. I'm bridging two powerful passions: my **commitment to supporting** the next generation and my love for fitness. This isn't just a ride; it's a **mission of hope** and empowerment. **Hillsong Africa Foundation's** work across **Western Cape and Gauteng** is a testament to what targeted, compassionate intervention can achieve. By actively engaging in **communities, schools, and prisons**, they're not just addressing **social issues**—they're **rebuilding lives**, one individual at a time. Their holistic approach recognises that **true change** happens when we invest in the **entire person**, not just isolated aspects of their experience.

**LUZAACK**

Hi, I'm Luzaack, and I bring a unique perspective as both a **rider** and a **team member** of the **Hillsong Africa Foundation**. Since **2019**, I've been participating in the **Cape Town Cycle Tour**, and each year, my commitment deepens. Our programs work directly with **men and women** in prisons, **shelters**, and **schools**, focusing on holistic development and **community empowerment**. We're not just providing support; we're **equipping** individuals to **rise above daily challenges** and become architects of their own transformation. By **supporting** this ride, **you enable** our foundation to continue its remarkable work of **building our nation**, one life at a time.

**CADEN**

I'm so stoked! To be raising funds for **Hillsong Africa Foundation (HAF)** means so much to me as I've seen the **radical impact** it has on our continent and its people. HAF is a community development organisation born from a deep desire to **uplift lives** and **transform communities across the nation**. In a country with immense need, it's vital that we don't just **hope for change** but **take action** to make it happen. Partnering with HAF is a privilege, and I'm committed to contributing to the **change** we all want to see. **I challenge you to join me**. Together, we can invest in those who need it most and change not only lives but the **future of our nation**. **Cycling 109km** will be pits—there'll be sweat, maybe tears, and definitely regrets up Chappies—but for this cause, **it's all worth it!**

# BENEFICIARIES

**SUNE**

Hi, my name is Sune Smit, and **I teach grade 10** at Presidents High. In my observation I've witnessed poor decision making, **toxic relationships**, and the lack of **future prospects** in our students. I have **seen true transformation** in our grade 10 learners since the **Hillsong Africa Foundation** has interceded. Through their **Shine** and **Strength** programs I am happy to share that we have achieved **100% pass rate**. This group gave us the most **anxiety** and the most problems because we were not sure what to do or how to **change their enthusiasm** when it came to **education**. Not only are they **motivated** but they are active participants in their education journey, they have a better understanding of their agency, and **I am hopeful** they will become better!

**BUSI**

At first **I didn't know what to expect**. I walk into **Shine** with no clear vision of how it would affect me, but I **quickly realised** that this program was not just about learning new skills- it was about **transformation**. From day one, **Shine** taught me how to look at life through a different lens. It helped to **understand myself better** and gave me the tools to use, and to see the world from perspectives I never considered before. I began to **appreciate the experiences** of others and understand **that everyone has their own unique struggles and strengths**. Today, I'm using what I've learned from Shine to not only empower but also to support, uplift, and encourage myself and other women.

**ODWA**

Before being part of the **Strength Course** hosted by **Hillsong Africa Foundation**, I was in a seemingly hopeless situation **mentally** and **emotionally**...What really stood out for me for the duration of the six week course is the fact that **conclusions after discussion** on a particular life topic were amazingly **encouraging** in an very uplifting way. Today I can retrospect and be thankful for the life changing Strength course, because my **motivation** levels about life has **elevated**. I've **started studies in Blockchain** and am working towards attaining my certificate in Blockchain studies... Overall I honestly believe that the Strength Course has a **positive impact** in my life.

**BUILDING LIVES**

**THAT BUILD A NATION, TOGETHER!**
